A Panorama View of The State Receiving Home and Cottages on Riverside Avenue, Jacksonville, Florida

THE RECEIVING HOME PLANT IN JACKSONVILLE is composed of five buildings, and covers a frontage of 440 feet on Riverside Avenue, the prettiest residence avenue in Jacksonville, and seventy feet on St. Johns Avenue, located just in the rear of Riverside Avenue.

THE FIVE BUILDINGS, all residences, *real family homes*, not institutions in any sense of the word, are: (1) The Receiving Home and Girls' Dormitory Building; (2) The Baby Cottage; (3) The Infirmary; (4) The School and Boys' Dormitory Building, and (5) The Nursery and Younger Boys' Dormitory Building.

We invite all the friends of our great work everywhere to make a visit to our Receiving Home, for we honestly believe that there is no home just like it in all the world—not one anywhere quite so homelike, cozy and comfortable; none where there is a finer spirit among the workers, or a greater happiness among the children.

The doors are open to our friends always. We welcome you cordially. Come and see for yourself just what we are doing with your funds to provide comfort and happiness for the hundreds of little ones who go through this home annually out into carefully selected homes of love and care.

## The Purpose of Our Annual Report

Another View of the  
Same Dear Little  
Girlie

In presenting each year our Annual Report to our contributors and friends we do so first because we feel that it is proper and right that we should give a careful account of our stewardship. Our contributors have a right to know just what we have done with the thousands of dollars and the hundreds of children that are annually entrusted to our care.

We have furnished each year a carefully and officially audited account of our receipts and expenditures in detail, and a statistical report of the exact services rendered to the many little ones referred to us for aid and care.

Secondly, we publish the report in order that we might say a great big thank-you publicly to all who have aided us in our great state-wide and undenominational work for the homeless, orphan and needy little ones of our fine State.

We want every individual, every business firm, every church, club, lodge, school, Sunday school, society, or organization of every kind to know of our very genuine gratitude for every help of every kind, no matter how great or small the life may have been.

We can no longer afford to publish in detail the list of *all* our friends and helpers, for the list runs into thousands, in every city, town and hamlet in the State, but we are really deeply grateful for every aid from every possible source.

Thirdly, we hope that in the publishing of our report we may renew and continue the help and interest of all former friends, and to add hundreds of new friends and contributors each year, for the only limit to the services we can render to Florida little ones in need is the money to render the same with.

## Superintendent's Report for 1923

*To the Officers, Board of Directors, Ladies' Auxiliary and Friends of the  
Children's Home Society of Florida:*

I am glad to report to you that our Society has safely pulled through the year of 1923—the *thirteenth* year of your Superintendent's connection with the work, and that instead of its being a hoodoo year, it has been the best and most satisfactory year in the history of our work.

We have had a few less children to provide for than in the previous year, but a larger family at our Receiving Home the year round than we have ever had before; the daily average being about seventy against less than fifty in the previous year. This is due pretty largely to the fact that we have had more older boys and girls than usual; of an age that it is difficult to find suitable homes for, and also is due to the fact that we have had more sets of children in two's, three's, four's and up to eight's than usual, and have kept these sets of children for long periods in the Home in the hope that we could place at least some of the pairs or trios in good homes together. I am glad to report that our efforts along these lines have been well rewarded in many instances, for there is nothing I dread more than the permanent separation of little children who are devoted to each other.

---

When Jesus said it is more blessed to give than to receive, He expressed the verdict of an expert. He had tested the truth of the saying and it has stood all tests.

## Twelve Hundred and Ninety-Eight Children Aided

We have given our aid, care and attention to exactly 1,298 children of all ages, from wee babies on up, and from all sections of the State during the past year. Nine hundred and nine of these children were referred to us for the first time in 1923, the other three hundred and eighty-nine having been left under our care in Receiving Homes, Hospitals, Training Schools, Boarding Homes, and under supervision in family homes, from the previous year.

Following is a brief summary of the service rendered to the 1,298 little ones, and some statistics as to how they came under our care, where from, their sex, ages, the causes of their coming to us, etc.

### 1923 OUR BEST YEAR OF SERVICE

I am sure that it can be truthfully said that we have rendered a better service to the little ones of the past year than ever before, for we have been more careful about the examination and treatment of all our children, and have had very much better facilities at our Receiving Home, for the care of children, and generally speaking a better standard of workers at the Home through most of the year than in other years, though some of the workers we had a right to expect the most of were the greatest disappointments.

We have had more blood tests for venereal diseases, more mental tests and studies, more dental work, more tonsil and adenoid operations, a new and more effective hookworm treatment, better infirmiry facilities, and better nursing, and more services from our staff of specialists.

### THIRTEEN BABIES DIE IN PAST THIRTEEN YEARS

I regret to state that the past summer was the hardest summer we have had in our baby department for years, and that as a result of an epidemic of bronchial pneumonia, we lost three little frail babies, too weak to withstand the ravages of

the dread disease. These three deaths make a total of thirteen deaths in the past thirteen years, or an average of one death per year, and an average of about one death for each thousand children referred to us for aid and care, or about one hundredth of the normal death rate among children in the United States, which is a wonderful record—in fact a very remarkable one—and one which shows pretty clearly the kind of care the little ones have received from our physician in charge, his staff of associates, and our nurses and working force at the Receiving Home.

## Family Boarding Homes Are Great Success

The past year has more clearly than ever demonstrated the great wisdom in our use of family homes for our temporary care and boarding cases, for though we have averaged between forty and fifty children in our boarding homes daily throughout the year, it has cost us very much less than it cost us to care for the same number of children in our former Children's Boarding Home—has been very much less trouble and worry, a healthier and more normal life and education for the children; the parents and agencies who have referred the cases to us have been better pleased, and we have not lost anything like the money we had lost in previous years by the nonpayment of board.

Miss Mary B. Milam, who has had this work in charge, although ill for many weeks of the past year, has done a very fine work in this department, and has tactfully dealt with the many boarding home mothers, the doctors, specialists, hospital staff officials, etc.

### A NEW HOOKWORM TREATMENT

One of the greatest aids of the past year in our work at the Receiving Home has been the new treatment for hookworms, which in 75 per cent of the cases has eliminated the hookworms in one or two treatments, where formerly it often took from six to ten treatments and a long period of weeks. We are deeply grateful to Dr. Love not only for this very great help, but for his loyal, efficient and effective services to our children through many years.

### MENTAL TESTS

We are greatly indebted to Judge W. S. Criswell for his mental tests of many of our children during the year, and we rejoice with the entire community in his election as Juvenile Court Judge, for with his personal and varied experience in social work, and with children particularly, he is sure to be a great asset to the cause of child welfare in Jacksonville and our State.

### ST. LUKE'S HOSPITAL A TREMENDOUS HELP

We cannot say too much in appreciation of the wonderful help we have received from St. Luke's Hospital during the past year, in fact our work simply could not go on without St. Luke's and its wonderful staff of physicians, officers and nurses. The people of Jacksonville can never fully appreciate the value of St. Luke's Hospital until they use it as our Society does, and we as a Society can never be grateful enough to Dr. Ralph Greene, the capable Superintendent, and those associated with him in the great service to our children. We use St. Luke's almost every day in the year.

## Dear Little Crippled Essie Rapidly Improving

We are reminded too at this point of the very wonderful service to one of our little ones, Essie Hall, by Dr. R. Tunston Taylor of Baltimore and the James Lawrence Kernan Hospital, for we now believe that this little girlie, apparently hopelessly paralyzed from her hips on down, a year ago, will eventually have restored to her the use of her limbs and body, and be able to be of real service to herself and society. If this should happen it would be nothing short of a miracle, and the funds so generous supplied last year by the Rotary Club of Jacksonville, Jake the Newsboy, and other friends, and the funds already supplied for 1924 by the C. E. Societies of the State, surely could not have been put to a more wonderful and worthwhile purpose.

## Bright Little Elizabeth Will Be Given Every Chance

We have under our care just now, another little girl, little Elizabeth, also paralyzed from her knees on down, for whom we also hope to secure just the right hospital care, treatment and operations, so that she may have if possible the use of her limbs restored to her. Elizabeth has been for sometime at St. Luke's Hospital for study, blood and spinal fluid tests, etc., but we hope soon to send her to the Shriners' Hospital at Shreveport, Louisiana, or to the same hospital near Baltimore where Essie Hall has received such wonderful care and treatment.

CHRISTIAN ENDEAVORS PLEDGE  
\$2,000.00 FOR 1924

The Christian Endeavor Societies of Florida have pledged the funds to support Essie and Elizabeth both for the coming year, which means practically \$1,500.00, and in addition have promised \$500.00 for our general work, this being the largest subscription by any group of friends in the entire State.

## Who Will Give a Home to Bright Lad With But One Hand?

We also have under our care Robert Rodgers, a fine little lad with one hand, for whom we have recently secured an artificial hand, in the hope that Robert might use it, and it might make it easier for our Society to find him a good home.

We have Claude Eatman, too, a fine lad with two partially paralyzed hands, who we expect to send to Atlanta, Georgia, to be under the care of the eminent orthopedic specialist doctor, Michael Hoke, the expense to be borne by good friends in Miami, who have voluntarily offered to bear the full expense, in the hope of giving this boy the full use of his hands.

While mentioning special children, I desire to recall to your minds the perfectly wonderful victory we have secured during the past month, when after three years or more of constant struggle to save his life from the most stubborn case of hookworms that we have ever dealt with, and a very weak heart, which threatened his little life many times, we finally were able to place little Woodrow in a fine family home, practically a fully recovered child, a joy to the family who have taken him, and a living example of what loving and persistent care and cooperative service can render.

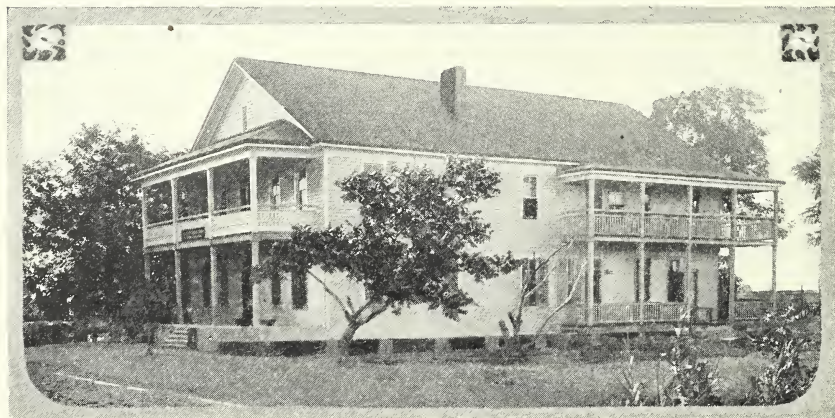

So long as we can get such results from our en-

deavors we never need to feel that our efforts are in vain, in fact we can feel that if we used our entire income in the saving of one such little hopeless, helpless child we have done well.

I should like to recite to you many of the unusual cases of children that have received our care this past year, but space will not permit me to do so, but we have tried to render to each child that has come to us that service that would relieve the need and distress of each particular child, and bring to each child the greatest amount of permanent future comfort, happiness and opportunity.

## Our West Florida Branch at Pensacola is Getting Along Finely, and Doing a Great Work!

The West Florida Receiving Home Which Serves the Needy Children of Ten West Florida Counties—West of the Apalachicola River

I am glad to report to you that we completed our three-year trial period in conducting the former Pearl Eagan Home of Pensacola so satisfactorily last June, that the West Florida Board of Directors, Ladies' Auxiliary and friends urged our Society to take over the property permanently, and assume permanent care and control of the Home and the work.

Our Board of Directors here felt that we should not accept the property, however, or make any permanent agreement to take over the work in West Florida, therefore we have agreed to go ahead with the West Florida work for an indefinite period of years, so long as it seems mutually satisfactory.

The work is in good shape financially and otherwise, and under the direction of Miss Myrtle E. Wright, in whose territory the West Florida Branch is located, the work has given general satisfaction to the West Florida friends and Directors, and the financial support has been very good. The funds for the West Florida Branch are raised by your Superintendent through the general office.

---

A child absorbs environment. It is the most susceptible thing in the world to influence, and if that force be applied rightly and constantly when the child is in its most receptive condition, the effect will be pronounced, immediate, and permanent.

To the extent that we leave the children of the poor and these other unfortunates—waifs and foundlings—to themselves and their evil surroundings, to that extent we breed peril for ourselves . . . . Rightly cultivated, these children may be made a blessing to the race; trained in the wrong way, or neglected entirely, they will become a curse to the State.—*Luther Burbank, "The Training of the Human Plant."*

If we could grapple with the whole child situation for one generation, our public health, our economic efficiency, the moral character, sanity and stability of our people would advance three generations in one.—*Herbert Hoover.*

## Fifty-Nine Older Girls and Boys Given Special Training in Special Schools

We have at present fifty-nine older boys and girls, most of them legal wards of the Society, in special training schools and institutions, in Florida, Georgia, Tennessee and other states, where they are securing special care and training. Eleven of these are feeble-minded children sent by our Society to the Florida Farm Colony at Gainesville, for whom we have no financial obligation. We have eighteen other children in schools and institutions that do not cost our Society anything, except for clothing in some instances; three of these being older delinquent girls that we had to have sent to the Girls' Industrial School at Ocala.

### THE JOHN HENRY BEQUEST

The subject of special schools of training recalls to us all the largest bequest and perhaps the outstanding event of the past year in our work, namely: the bequest of the late Capt. John Henry, of Titusville, Florida, who passed away last August, and left our Society a sum not less than \$75,000, to be used, as stated in his will, for the establishment and conducting of a special training school for older boys and girls—too old to be placed out in family homes for adoption.

The confidence which Capt. Henry has shown in our Society is a matter of great satisfaction and inspiration to us all, and we believe will be the means of encouraging other bequests to our Society in the years to come.

The acceptance of the bequest by our Society, which has already been done, brings to your Superintendent, to your Officers and Directors and Ladies' Auxiliary the greatest responsibility, as well as the greatest privilege of service that has ever come to us, and personally the more I realize it, but I do not fear the future at all, in fact I feel confident that with the rendering of this great additional service there will come the additional support that will be needed.

Your Officers and Directors have purchased a property out at Orange Park, five buildings and nine acres of land, formerly owned and used as an industrial training school, under the auspices of the American Missionary Association, a property beautifully located, and which, when repaired, remodeled, painted, and heated, lighted, and provided with proper sanitary arrangements, will make a wonderful plant for our training school.

We do not know just when the funds for the Henry estate will be available to the Society, but we are very fortunate in this respect in having our much-loved President, Judge W. H. Baker, as one of the executors of the estate, and we hope to come into possession of the estate during the coming summer.

In the meantime our Society is making some absolutely necessary repairs, to prevent further decay and disintegration of the buildings, but the real work of putting the buildings in good shape will need to wait until the securities from the estate are received and sold, so that we will have the funds to proceed, though we hope to be able to open the school this fall. In the meanwhile we hope you will all help us to find friends and organizations that will want to furnish rooms or buildings as memorials, etc., for we will need to furnish the buildings from top to bottom, and as it will be a permanent school, we should be able to interest good friends in helping us in the manner mentioned.

## A Statement Concerning The Henry Training School at Orange Park, Florida

By JUDGE WILLIAM H. BAKER,

*President of The Children's Home Society of Florida*

CRYING NEED.—“For many years the Children's Home Society has realized the crying need for a training and industrial school for boys and girls who were dependent but in no wise criminal or incorrigible. The State maintains an industrial institution for boys at Marianna and one for girls at Ocala. Admittance to either of these schools can be had only on a commitment from a court after the court has found the boy or girl delinquent or criminal or incorrigible. The proceedings for admission are therefore of a semi-criminal nature. It is a travesty that no provision of law is made for unfortunate and dependent boys and girls. The Society has for many years felt that the State of Florida needed above everything an institution which gave industrial training to boys and girls overtaken by misfortune with no one to care for them after they have reached an age which prevented their adoption in family homes. The Society did not undertake this work for these reasons (1) it hoped someone else would, (2) it did not have the funds and was unwilling to further appeal to the public which has so generously responded to all its appeals, and (3) the Society was reluctant to enter into an entirely new field of endeavor. It had efficiently and successfully accomplished its work along the original lines of its organization; and it had no precedents, experience and organization for an industrial and training school.

WILL GIVES \$75,000.—“In August last year, John Henry, of Titusville, Fla., died. By his will the Society was made his residuary legatee. The estate will give the Society about \$75,000. But, Mr. Henry did not give this money unconditionally. In some way unknown to the Society Mr. Henry knew the necessity for an institution to give industrial training to dependent and unfortunate boys and girls and coupled his bequest with the request that his gift be used either to found or support an industrial school. The Society could not honorably accept the bequest unless it resolved to carry out his wish in good faith.

“The property at Orange Park is excellently suited for the purposes of an industrial school. There are three large buildings and two small ones and nine acres of land included in the purchase. The price paid was much below the cost of re-production of the buildings. The former owner of the property for many years had not used it and was anxious to dispose of it. The location is ideal for the school.

“While Mr. Henry's gift is a very large one, the cost of the Orange Park property together with the expense of the necessary repairs (the buildings need extensive repairs) and the modernizing of the buildings with plumbing, electric lights and heating is expected to practically exhaust the Henry bequest. Mr. Henry also requested in his will that all moneys not expended in establishing the school should be invested and only the income be used for maintenance. The minimum cost to provide for the necessary teachers and maintaining fifty pupils (the society expects to begin with that number) will be about \$20,000 a year. The Society now spends for the education and training of children too old to place out in family homes for adoption about \$8,000 a year. Therefore the establishment of the school will add not less than \$12,000 a year to the Society's budget.

NO ENDOWMENT.—“The Society has no endowment. It owns and has paid for sufficient property to give it a plant adequate for its present needs. It is now and has always been since its organization entirely dependent on constant and generous gifts from the people of Florida. Should for any reason these gifts cease, the work of the society would end in a very few months. The Society literally lives from month to month on a continuous stream of donations. Its officers have an abiding faith that so long as it shall efficiently and successfully care for the hundreds of children that come under its care annually, it will never lack. Its source of supply, the generosity of the people of Florida, will never run dry.

“The Society's plans are to proceed as rapidly as possible to repair, modernize and equip the buildings at Orange Park; and in the early fall to open an industrial and

training school. The school will first be opened for girls only. The need for a girls' school is the more urgent. The girls will be the Society's wards ranging in age from fourteen years upward. The girls will be given a fair general education and a special training in some useful and gainful occupation.

"The society is without experience in conducting an industrial school. The officers and directors of the Society, however, feel confident that under the able management of Mr. Fagg and his corps of assistants the new school will be a success and a blessing; and that the people of Florida will rejoice that Mr. Henry made possible this new venture for the Society; and will support the Society even more generously for its needs as its field of usefulness will be greater."

## Advice to Pup-Nurses

Dogs are all right, but let your ambition in life be for something higher than to become a "pup-nurse."

It takes less care and less food to keep a baby than a lap dog, and we have often wondered at the heart of a childless woman who would prefer to spend her affection on a dog when there are countless beautiful baby orphans who would fill her with the most wonderful love in the world. It would seem that an intelligent woman could love another woman's baby, if she could love any dog's pup.

How much more interesting it ought to be for a woman of leisure to undertake to rear a tiny human being, which could respond to every effort at training and could be made into a glorious and wonderful mature person, than to undertake to rear a dog that would never be anything but just a dog.

If little orphans were to take the place of lap dogs, there would not be an orphanage in the world—not one.—*Selected.*

## Some Badly Needed Improvements Are Provided

I am reminded here to call your attention to some of the most important improvements which have been made at our Receiving Home property on Riverside avenue during the year, which include the covered over walk which runs from building to building from one end of the property to the other, and which have been of the greatest help and convenience to our workers and children all through the year.

The remodeling of the former Boys' Dormitory Building into our Infirmary Building is an important improvement, and has been of the greatest help not only in caring for our sick children but in preventing the spread of epidemics, etc., and in the reception of new children with skin troubles, etc.

The greatest improvement, however, has been the filling in of our entire property, the dirt being given to us by the city, and the planting of the new lawn by Shubert and Green of the Griffing Company, and the planting of the beautiful shrubs and plants, rose garden, etc., all of which were donated to the Society by Mr. W. D. Griffing, one of the finest contributions that has ever been made to our Society.

### OTHER PROPERTY.

We were fortunate during the year to be able to dispose of the property near Clearwater, left to us two or three years ago by the late S. M. Tilley, of Clearwater—the property and the three rings—netting the Society a little over

\$10,000, about \$6,000 of which still remains in notes to be paid at a later date.

We were glad, too, to close a sale for the Melissa J. Gage property at Miami, which had been in litigation for two or three years, and which eventually will net our Society about twenty-five hundred dollars.

We received \$350.00 as our share of the sale of the little cottage left us in the will of the late James D. Smith, of Arlington, the remainder of the estate, amounting to \$541.17, having just recently been paid to our Society, which closes this estate in full.

We received during the year, a check for \$200.00, to settle the bequest made two years ago by the late James Stephens, of Zephyrhills; also a check for \$100.00 to cover the annual payment left us in the will of the late Mr. A. C. Pheil, of St. Petersburg, Florida.

Other bequests of previous years which remain unsettled are:

Mrs. E. G. Lynekin, of Jacksonville, for \$200.00, left us in 1913, and which probably will not be paid.

Mrs. Elizabeth Currier, of St. Cloud, to be paid after her decease.

Mr. and Mrs. Missouri Henson, of Daytona, on which \$100.00 is still due.

Mr. and Mrs. James A. Harper, of Miami, to be paid at their death.

Mrs. Louisa G. Hoover, of South Jacksonville, for \$500.00, to be paid in April, 1924, and the estate of the late C. D. Mills, of this city, which is in the courts and probably will not be settled for some months, but which, we hope, will bring to our Society \$1,000.00 per year.

#### NEW BEQUESTS OF 1923

During the past year the following friends of our work have passed away and left bequests as follows:

Dr. Columbus Drew, about \$150.00 per year.

Mr. J. Stowers, West Palm Beach, \$1,000.00.

Mr. S. A. Belcher, Miami, amount not known as yet.

Mr. J. D. Bucky, of Jacksonville, \$500.00.

P. A. Ullendorf, Miami, to be paid in 1930; amount unknown.

Capt. John Henry, Titusville, about \$75,000.00.

Capt. William James, Jacksonville, \$2,000.00.

All of these bequests are to be paid later; some of them, we hope, during the present year.

We are very grateful for these assurances of the confidence of the people of Florida in our Society and its work and will do our utmost to be worthy of this confidence always.

#### WRONG NAME CAUSES LOSS OF \$21,500.00

The one great disappointment during the year along these lines is the loss of the estate of \$21,500 bequeathed to our Society by the late Mrs. Elizabeth Maxwell, of Kissimmee, Florida, and Michigan. The Michigan court ruled against our Society and in favor of relatives—all because the correct name of our Society was not used by the attorney who made Mrs. Maxwell's will. It is hard to lose such a generous bequest, but our Society and its counselor, Mr. A. Y. Milam, did all we could to secure it and failed.

## Our Friends Were Very Generous to Us in November and December and Avert a Deficit

It is a matter of very great satisfaction to your Superintendent to be able to tell you that in spite of a year of rather unsettled business conditions—a year in which practically every other charitable or social agency in Jacksonville and Florida have failed to secure the funds asked for in the campaigns—our Society has been able to raise entirely by letters of appeal, with no campaign of any kind, and without any personal solicitation whatever, a total of \$119,425.24, the largest amount that our Society has ever raised in its twenty-one years of service.

We are particularly gratified at the wonderful response to our Thanksgiving appeals and our Christmas letters, for during these two months the largest amounts ever received in any two months of our work came in. This great response in November and December helped us to close the year's work free of any deficit or indebtedness, except for the new school property, and this is true in spite of the fact that during the year we put over \$8,000.00 into new improvements, remodeling, painting, a covered over walk, etc., at the Receiving Home, and have recently paid \$5,000.00 on the school property at Orange Park.

This fact is the more comforting, because in five months of the past year our expenses exceeded our income by many thousands of dollars, and for sometime your Superintendent felt sure that for the first time in his thirteen years with the Florida Society, we would end the year with a deficit.

There are no words that we can use that will at all adequately express the genuine gratitude that there is in our hearts for this bountiful support of our efforts. All I can do, and all we can do as an organization, is to try harder than ever to make our work accomplish a greater and a more lasting good, and thus live day by day the appreciation we all feel.

### By Their Children Shall Ye Know Them

The protection of childhood is the most serious of all responsibilities, but children give more than they take. They are the great civilizers and humanizers of the race. In working for democratic rights for children, we shall find true democracy for ourselves. The nurture and care of children, properly conceived and carried out, constitute the great educators, and the development of character in parents. Without the unconscious but beneficial influence of children we would soon lapse into a possibly refined but selfish barbarism. They are true inciters of advance. The child is the sphinx of the world, the constant riddle and mystery, before whom all plans of philosophy, codes of ethics, and systems of theology must somehow prove their value. It is the feeble hand of the little child that always beckons onward in the way of progress. It is the feeble hand of a little child which will knock into oblivion any civilization which has porcelain bathtubs and every modern convenience, but makes no place for real homes and for children. The child has done more for the regeneration of the race than all the creeds that have ever been written. The child is the judge of civilization, for in a last analysis, any community or state may be safely adjudged by the manner in which it approaches the problems of child life.— *Selected.*

## Special Mention

Special mention should be made, I feel, for a few very large contributions that have come to us through the year—namely \$500 each from Mr. J. R. Roosevelt, Jr., of Jacksonville; Mr. Barton Peck, of Palatka; Mrs. W. W. Cummer, of Jacksonville, our loyal friend through many years, and Mr. Frederick Rand, of Miami; \$400 from Mr. and Mrs. Arthur G. Cummer; Louis Burgess, Miami, \$400; Riverside Grammar School, Miami, \$359.28; \$600 from the Board of County Commissioners of Polk County; \$600 from the Board of Commissioners of Escambia County; \$360 from the city of Pensacola; over \$1,500 from the Christian Endeavor societies of the State; over \$8,000 from the school children of the State; nearly a thousand dollars from the Women's Clubs of Florida; over a thousand dollars from the Masonic Lodges of Florida; over \$800 from the Rotary Clubs of the State; over \$800 from the Sunday schools; \$400 from the Clearing House Association from the banks of Jacksonville, etc.

These generous contributions have inspired your working staff beyond measure, and only prod us on to finer service, but we do not forget all other contributors—no, not even the widow's mite, or the school child's penny—for all mean a whole lot to us and, after all it is the democratic and statewide support of our work that we can be very proud of, for there is scarcely a village or hamlet in the State in which we do not have some contributing friends.

## Miami Folks Most Liberal

Aside from Jacksonville, Miami, as a community, is doing more for our Society than any other city in the State, and we owe its newspapers, its schools, its clubs, its lodges, its churches and societies, and individuals a world of gratitude, for the support from Miami is nothing short of wonderful.

## Contributions Other Than Money

We would not forget for one minute the contributions that come to us in  
ables other than money, for after all we can all the and

Covington, our treasurer, or the labors of love from our secretary, Frank G. Johnson, who endears himself to our children and workers more and more.

Or who can estimate the value of the services of our wonderful Ladies' Auxiliary, under the able and continued leadership and inspiration of our efficient Mrs. Arthur G. Cummer, who through their biweekly meetings, their services at the Receiving Home, their activities at Christmas time, and in other ways give their hearts, minds and souls to the advancement of our cause?

Nor can we place too much credit upon such business firms as the Dorsey Baking Company, The American Bakeries Company, the Florida Ice & Coal Company for free bread and ice for our Receiving Home and its children every day in the year. These contributions run into many hundreds of dollars each year.

Nor do we forget the tremendous value of our passes—our special permits—from the railroads of the State, all of whom are most generous to us, and save our Society thousands of dollars each year.

We do not overlook either the help the city, county and State gave us in free taxes for our properties, for discount on our lights and water, for free soil for our grounds, for free wiring for our electric heaters; all of which run into great money values each year.

We owe a debt of gratitude, too, to Ford the Photographer and Woodward's Studio for reduced prices on the photos of our kiddies; to the Y. M. C. A. for the use of their Green Room for our Ladies' Auxiliary meetings; to the Crystal Market and other merchants of Jacksonville for contributions of provisions, meats, etc., for liberal discounts on our purchases; to the telephone company for special rates; to the police and fire departments for protection; to the juvenile courts of the State and other social agencies for kindly co-operation; to the Barber College for free hair cuts, etc.

The Capitol Theater, Clearwater, deserves special mention for a unique plan of publicity and potatoes, in which they made it obligatory to enter the theater on a certain date to bring four Irish potatoes, in addition to the admission fee, the potatoes to come to our Society. The theater was packed and we received a thousand pounds of potatoes.

We would like to have space enough to publish a list of all the friends, organizations of every kind, business firms, clubs, lodges, schools, Sunday schools, Christian Endeavor society, Woman's clubs, etc., who have sent in hundreds of dollars worth of clothing, shoes, preserves, syrup, honey, meats, chickens, turkeys, canned goods, jellies, toys, candies, etc., for all of these have been of tremendous help in our work, and we are more grateful than tongue can tell for every such donation, but space forbids the printing of these many hundreds of names.

### **The Newspapers**

We must make very special mention of the continued and perfectly wonderful support we have constantly received from the newspapers of the State—for after all no other one thing has contributed quite so much to the success and growth in public confidence in our work.

A Page of Pairs, Who Plead With All Their Hearts Not to be Separated. Who Will Give a Pair a Home?

We have received thousands of dollars worth of free advertising space, and news articles and editorials that no money could purchase.

To every editor and publisher of newspapers and magazines in Florida we owe a very special debt of gratitude, and we acknowledge it freely and that there are no words that can adequately express all the appreciation that we feel.

### Needlework Guild Help Too

We must say a special word of gratitude for the perfectly wonderful contributions of new garments that have come to us from the various branches of the Needlework Guild of America, for they have represented so much of time and effort and interest that we feel these friends deserve a special word of thanks.

Other folks deserving of very special mention are all the friends, clubs, Sunday schools, civic clubs, Christian Endeavor societies, etc., who helped make our Christmas at the home the past year the most wonderful we have ever had. We mention particularly the good friends of the Kiwanis and Rotary clubs of the State, who sent in toys, turkeys, provisions, individual gifts for the kiddies, and the good friends at the courthouse in Miami who, under the leadership of Mr. O. M. Drebert, Mr. E. B. Leatherman, Mrs. Perdita Robinson, Mr. M. H. Rolfe, sent such wonderful gifts in answer to the Santa Claus letters, and to the Christian Endeavor society of St. Petersburg who sent such a wonderful lot of things.

If I have unintentionally overlooked some very important group or some particular contribution of money or other articles, or some special services performed, I trust the oversight will be overlooked, for it is practically impossible to record or recall them all in such a report as this—though we mean to include all who have helped in any way.

I give them courage for another trial.

### The Lost Baby

With the world afire, with telegraph and cable flashing news of battle and revolts, with every sort of activity being told in local news columns, the people of this city yesterday paused and centered their hearts and minds upon the story of the lost three-year-old baby girl. The child had been picked up in the streets and taken to police headquarters. Search had failed to reveal the home of the little one's parents.

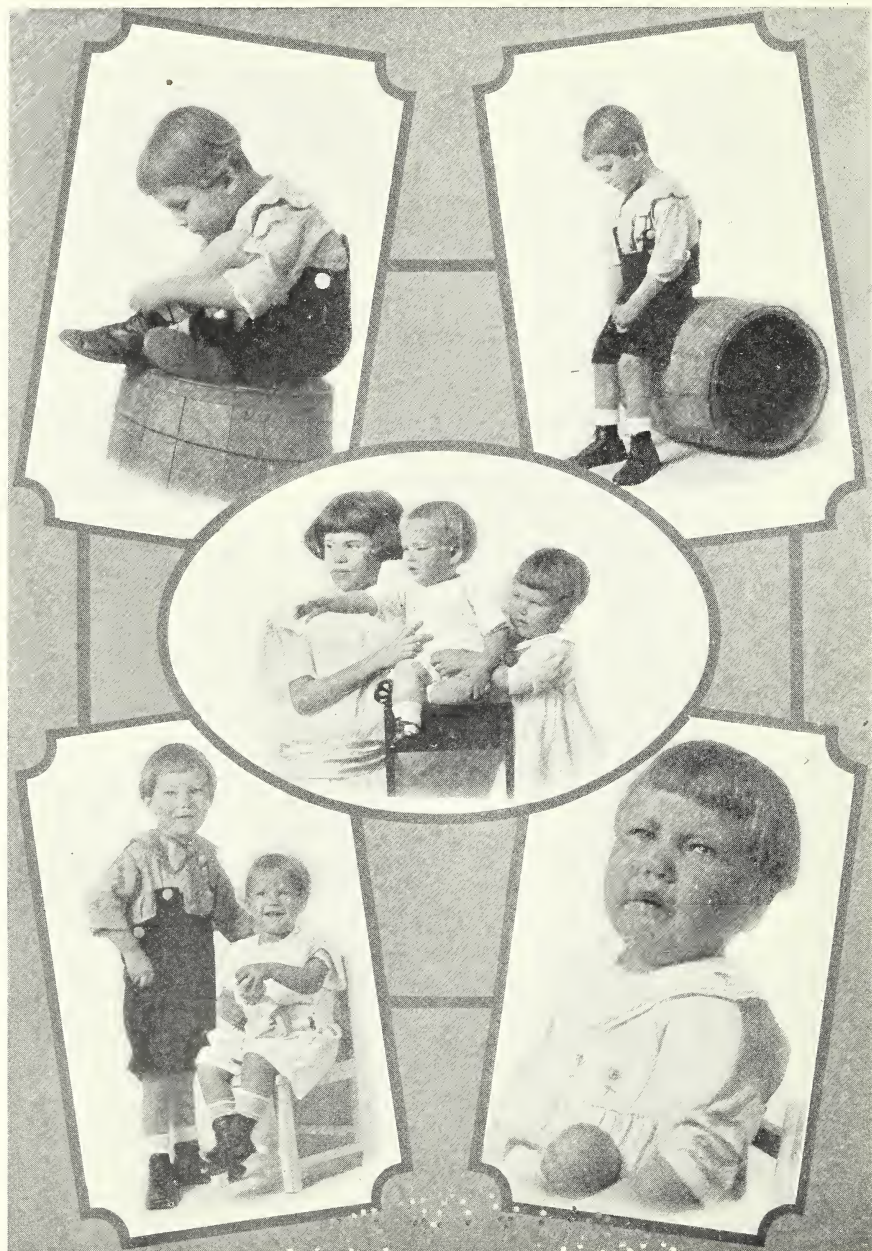

Although the entire world might be in danger, no heart was so cold as not to pour out its sympathy for the baby. Within a short time hundreds of persons constituted themselves searchers for the child's home. They realized the hour would come when the baby would tire of its new surroundings and longed for those it loved best.

It is inconceivable that a child could long remain lost to its parents even in so large a city as this. That an entire city should turn its mind to the plight of the little one only verifies the biblical admonition that "a child shall lead them."—*St. Louis Times*.

## The Children's Code Commission

The 1923 Legislature passed a law providing for a Children's Code Commission to study the laws pertaining to children in Florida; to codify these laws; to study the children's agencies and institutions of the State, and to recommend to the next Legislature such laws as may properly protect the children of all classes in our State.

Governor Hardee has appointed your Superintendent a member of this Commission, together with Mr. W. G. Brorain, of Tampa; Judge Thomas West, of Tallahassee; Mrs. J. G. Galloway, of Sanford, and Miss Elizabeth Skinner, of Dunedin. I am glad to be on this Commission to help in any way I can.

The marriage law, prohibiting marriages of the insane, feeble-minded, epileptic, etc., failed of passage as usual, though one of the most needed laws in the State.

## Some Red Letter Days

The children under our care have recently enjoyed three very unusual holidays—Thanksgiving, Christmas and New Year's—with such a bountiful supply of goodies, toys, provisions, clothing, etc., and three special turkey and chicken dinners that have been so fine that I wish you all could have been present to see the delight and hilarious happiness of these occasions. You all miss much of the joy of our work who do not have a part in the joys of our children.

Other special days of the year are the days at the movies as the guests of the theaters, particularly of the Republic Theater, of which Mr. William Whitehead is the manager; Sunday-school parties and picnics, other parties by good friends and neighbors, Hallowe'en party, Valentine's day, Washington's Birthday, Easter-egg hunt, through the kindness of friends of the First Christian church; Kiwanis Day at the State Fair, one of the biggest days in the memory of our children; the Fourth of July picnic, which Mrs. Fagg and I give to the children at our Home each year; school parties and picnics, etc. All these are bright spots in the lives of our children, and add much to their sometimes monotonous days in the Home.

### Death of E. L. Ferran, of Eustis, Florida

The past year has brought to our Society one great loss—in the death of Mr. E. L. Ferran, of Eustis, Florida, a member of our Board of Directors, and one of the most loyal friends our Society has ever had in its work. We miss his presence here this evening, for he was the one out-of-town member of the Board of Directors to be sure to be present each year. We miss his friendly council, his genuine support, and shall continue to mourn his loss.

## The Year Ahead

We start out the year of 1924 with a total of 440 children under our care and supervision; children that we are legally responsible for—a great big responsibility when you stop to think of what might happen if our Society should have to give up its work for any reason.

We start the year of 1924 in the most favorable condition financially, I think, that we have ever started in any year of our work—a great big help when we contemplate the responsibility just mentioned. We start the year with the best and most efficient and loyal group of workers we have ever had—a great comfort to me and to you. We start the year with the confidence of the people of Florida, with the greatest opportunity for service that we have ever had. We start the year, realizing that during the year we will have the almost staggering responsibility of adding to our equipment the industrial school for girls and boys, undoubtedly the biggest undertaking we have yet assumed, the finest opportunity for service to our older girls and boys.

We start the year with the best Board of Directors and Ladies' Auxiliary in all the world.

With God's help and guidance, let us go forth all of us together to make 1924 the greatest year yet in our service to the hundreds of little homeless and needy tots of Florida, whom to serve aright is our greatest privilege.

Respectfully submitted,

*Marcus C. Fagg*

*State Superintendent.*

### THE CHILD

O, father, mother—parents, it may not be given you  
To mould the minds of men, and lead them with a true  
And steady step into the broader ways, nor yet  
To stir within the hearts of millions fine,  
High aspiration . . . But forget  
Not this: By patient line on line,  
By constant care  
And conscience, toil and prayer,  
You may guide well into the way of greatness with a mild  
Yet powerful beginning force—Your Child!  
O, teachers, makers of the laws, and leaders all:  
It may not be that many men mature shall heed your call—  
They soon will pass—but coming after them will be  
A generation new; forget the men and women now, and see  
Your greatest work in cumulative portent piled  
In what you do today in welfare for the child!

## Before and After

These pictures, to the right top, show the four little Goldsmith children as they came to our Society, neglected, poorly clothed, emaciated with hookworms and in a deplorable condition generally.

The pictures, to the left, show the same group of children after less than a month under the care of our Society at our Receiving Home.

Showing what clean bodies, clean clothes, good food, proper care, elimination of hookworms, dental care, and tender devotion has accomplished.

These pictures could be duplicated in the cases of hundreds of little children that have come under our care during the past year.

We do not like to show pictures like the one above, and do not do it as a general rule, but we feel that we can only show our friends what a real job our Society is doing for the needy, homeless and neglected little ones of our State, by letting them see occasionally some pictures that tell the story better than any word pictures can.

# A PERMANENT MEMORIAL

This page will be set aside regularly each year as a permanent memorial to the kind friends who have left bequests or special funds to the Children's Home Society of Florida. Each year the list will be reprinted in full, adding such new names as may be our privilege.

We earnestly hope that all of our good friends will follow the example of the good friends whose names are published herewith, for the only limit to the good we can do is the money to do with.

There surely is no place on earth where your money could possibly render a greater or a more lasting service.

Following is a list of the good friends who, through past years, have left bequests to our Society. We love to honor their memory:

# A PERMANENT MEMORIAL

We are very proud of the additional confidence shown during the past year in our Society and its great work in the following bequests left to the Society by our following good friends who have made provisions for their "works to follow them," as they have passed on in the great beyond. We trust that the year of 1924 will find others who will follow these good examples and remember our little ones in their wills.

1923. Captain John Henry, Titusville (estate not settled) about.....	\$75,000.00
Dr. Columbus Drew, Jacksonville (trust fund to net annually)....	150.00
J. D. Bucky, Jacksonville (estate not settled) .....	500.00
Capt. William James, Jacksonville (estate not settled) .....	2,000.00
J. G. Stowers, West Palm Beach (estate not settled) .....	1,000.00
S. A. Belcher, Miami (estate not settled) .....	Amount not known
P. A. Ullendorf, Miami (estate not settled) .....	Amount not known

N. B. During the past year we lost, through court procedure, the bequest of \$21,500.00 left to our Society in 1921 by the late Mrs. Elizabeth Maxwell, of Kissimmee, Fla., and Michigan, because the correct name of our Society was not used by her attorney in drawing her will—though we proved clearly that the bequest was undoubtedly intended for our Society and its little needy children.

We trust that this very great loss will be a lesson to any of our friends who intend to remember us, and that the bequest will be made to The Children's Home Society of Florida, which is our legally incorporated title.

SOME SPECIAL NEEDS  
*of the*  
**Henry Training School**  
ORANGE PARK, FLORIDA

*Conducted by the*

**Children's Home Society of Florida**

for older girls—too old to be placed out for legal adoption.

THIS SCHOOL, made possible in the generous bequest of the late John Henry, of Titusville, Florida, we hope to open early in the Fall of this year.

THERE WILL BE over fifty individual rooms—for three girls each—to be furnished, in addition to several living rooms, several large school class rooms, a library, game rooms, reading rooms sewing rooms, industrial class rooms, a laundry, kitchen, dining room, office, reception rooms, etc.

WE HOPE to have every one of these rooms furnished by lodges, woman's clubs, young people's societies, Rotary, Kiwanis, Civitan and other civic clubs, churches, schools, Sunday schools, Baraca and Philathea classes, Bible classes and by many individuals, in memory of loved ones, as a permanent memorial.

A HUNDRED DOLLARS will probably furnish some of the smaller rooms—most of the rooms will probably cost two hundred dollars to furnish—while the dining room, parlors, school class rooms, etc., will of course cost much more.

WE WILL NEED a swimming pool, playground apparatus, two pianos, Victrolas, dishes, bed linens, etc.

THE WOMAN'S CLUB of Orange Park and the ladies' auxiliary of the Children's Home Society of Florida have already promised us to furnish a room each.

WILL YOU SEE what you or your club, or organization will do for us, sure—and write our State Superintendent for full particulars, please?

## AN URGENT APPEAL

WE STARTED the present year with a sufficient balance in our general fund to carry on our great work for about forty-five days, or up to the middle of February.

WE HAVE managed to secure enough since then to carry our work up to the present time—tho our receipts for the past three months have not been enough to meet our necessary expenses.

WE PLEAD, therefore, that as you read the report of our great accomplishments for 1,298 little Florida children in need during the past year, that you will send us *right now* (before you forget or overlook it) your check to enable us to carry on our great work through the remainder of the year. Please send the check or money order to our good treasurer, Mr. R. V. Covington, 428 St. James Bldg., Jacksonville, Florida.

### An Urgent Appeal for Good Homes

OUR SECOND GREATEST and immediate need is for more good homes for our homeless children, particularly for our boys from six to fourteen years of age. We have some wonderful pairs of brothers, pairs of sisters, and a trio or two, that plead not to be separated—for whom we plead for good homes where they can grow up together.

WILL YOU please talk this over, and send in your application to our superintendent, Marcus C. Fagg, 428 St. James Bldg., Jacksonville, Florida?

### We Need Shoes, Clothes, Provisions, etc.

WE ARE particularly in need of shoes for children of all ages, and of children's night garments, and all kinds and sizes of clothing, particularly for boys from six to fourteen years old. We can always use any amount of provisions—canned goods, meats, chickens, preserves, syrup, honey, fruits, vegetables, anything good to eat.

ALL ARTICLES other than money should be sent to The Children's Home, 1904 Riverside Ave., Jacksonville, or to The West Florida Receiving Home, 7th Ave. and Jordan Street, Pensacola.

# OUR GREATEST NEED

AS this report goes to press, March 10, 1924, our greatest need is good family homes for boys. Every one of our dormitories for boys is filled to overflowing with boys of all sizes, ages and dispositions. We must find homes for these boys immediately, in order to make room for others that are waiting to come in.

We are particularly anxious for homes for pairs of brothers, for we dread to separate some of the finest brothers that we have ever had. We have some dandy pairs of sisters too—two pairs of twin sisters, ten and eleven years of age—that, of course, must go to some good home together.

We have a little blind baby a few months old, a one-armed boy, ten years old, and several other special children that we hope some great big-hearted families will be willing to receive.

Won't you talk it over with your family and write us for details about some of these fine youngsters, particularly some of our fine boys?
